

Adam Goerges, AIC
Great American Insurance Group--Alternative Markets Division
Senior Field Claims Specialist

Adam has worked in the insurance industry concentrating on field adjustment of property claims for over fifteen years. He began his adjusting career in 2003 at a large carrier handling General Liability claims. After a year he transitioned to a regional carrier working as a field based multi-line adjuster and served on many catastrophe team deployments and special projects. He assisted with setup and integration of property estimating platform and data tracking while facilitating training for a field staff of over 650 adjusters. Eventually, his career led him to focus primarily on Property Claims and he continued specializing in his current role at Great American assisting policyholders in telecommunications, winery, brewery, and distillery claims. Adam has been a property specialist for most of his career while also serving roles in training, audit, and deployment on a catastrophe response team.

Adam obtained his Bachelor's degree in 2001, and has obtained his Associate In Claims designation. He is licensed in every state requiring carrier adjuster licensure.
