

Speaker Bio:

Danny Sutliff has more than 20 years' experience as Director of Training for Simsol Software. He is responsible for training on all Simsol products including the company's flagship estimating software for adjusters and contractors. Prior to joining Simsol, Danny worked for Lee Saylor Cost Engineers of Beverly Hills California where he derived costs for all types of construction items. Mr. Sutliff has also been a licensed adjuster for 20 years and is NFIP and California Earthquake Authority certified. He brings to the class a unique combination of real world adjusting experience and computer estimating abilities. In his free time, Danny enjoys riding his motorcycle cross-country.
