- Professional concentration has been in determining, verifying and analyzing factual matters by the examination of accounting, operating and financial records; and in the interpretation and communication of these financial facts along with calculations and recommendations; and risk management. In addition to using this information to effectively manage the day-to-day financial operations of entities of various size and industry, I have utilized the data in connection with determining and calculating claims under insurance coverage and litigation matters.
- Types of engagements include corporate, partnership, trust, payroll & sales tax returns, compilations, business valuations, divorce settlements, crisis management, information systems design & implementation, commercial real estate transaction analysis, strategic business planning and management, business interruption, extra expense, inventory and physical damage, financial condition and embezzlements, product liability, recall and contamination, builders risk, lost profits and loss of earnings (including wrongful death, personal injury, and wrongful termination).
